

PSYCHOLOGY MINOR

Students selecting Psychology as a minor must first pass PSYC 2301 General Psychology with a grade of "C" or better. If this course is used to fulfill either the 080 or 090 component area of the General Education core, it may be replaced with any psychology elective. Subsequently, (18) semester credit hours are required through enrollment in six specified courses. One elective course in psychology may be taken to replace PSYC 2317 Basic Statistics if the student has already completed a math statistics course or a statistics course in their major. The specified courses are as follows:

Code	Title	Hours

PSYC 2314	Life Span Developmental Psychology	3
PSYC 2316	Psychology of Personality	3
PSYC 2317	Basic Statistics	3
PSYC 2320	Abnormal Psychology	3
PSYC 3335	African American Psychology	3
PSYC 4330	Learning and Behavior	3

The elective courses may be selected from one of the following three-credit courses:
