Requirements for the B.S. in Administration of Justice, the B.A. in Political Science, the B.S. in Public Affairs, and the B.S. in Emergency Management and Homeland Security are specified, in detail, within the department descriptions. As first-time degree seekers, AJ, POLS, and PA students are required to declare a minor in a second academic discipline either through the School or through a different college or school for graduation. Only majors in Emergency Management and Homeland Security are exempt from declaring a minor. Grades of "C" or better (grades of "C-" are unacceptable) must be earned in all major and minor courses required for graduation. Additionally, in selecting minors, students should seek detailed advisement from their designated advisors because the selection of a minor having representative courses in the core curriculum for the degree of choice could impact the total number of credits required. In no case will students qualify for graduation at the undergraduate level with fewer than 120 semester credit hours satisfactorily completed. At the beginning of the senior year, majors should have their overall transcripts and records evaluated by their advisor to verify their status with regard to graduation.
